“ Sure gonna miss you !! In the time we got to know Kirk, he quickly became a part of the family to me and my son Gavin. There is not a thing in the world he wouldnt do for us if he could. Things are definitely not going to be the same around "Smurfville" without him. He was here so often whether it was goofing off with Gavin , working on a project with him. or just hanging in the house eating a meal , chatting, and laughing. We will always be reminded of sweet, funny, crazy Kirk , everytime we hear our grandfather clock chime . Without fail, no matter what we were doing or what conversation was going on, he would stop and point to the clock and say , "There's my clock " and then laugh... Lol. Fly with the angels our sweet friend. We will miss you forever ! Much love, Neysa and Gavin

“ I'm sure gonna miss you my friend ! In the time I got to know Kirk, he quickly became part of the family to me and my son Gavin. He would do anything in the world for us, as we would him. Life is not gonna be the same around " Smurfville" without him . He was here so much whether it be working on some project with Gavin or just visiting in the house , eating a meal and cutting up and laughing. I'll never hear my grandfather clock chime again without thinking of Kirk. No matter what conversation we were having, he would stop and point to the clock and say , " There's my clock ". Then he would laugh !...lol. Fly with the Angels my sweet friend ! We will forever miss you !
