“ Mrs. Everett taught me algebra 1 in high school. It was my second attempt because the previous year I couldn't grasp it! She helped me by showing me different ways of figuring out the answer! She stayed after school with me as much as I needed! A good, good lady!!! I'm so sorry to hear of her passing!!!

“ I was teaching at Bradwell when Virginia started there. She was a great person--teacher--friend. So sorry to hear of her passing. My prayers to her family.

“ Virginia and I were friends and colleagues for many years. In addition to the high school students she taught, she also mentored and supervised many young math teachers who practiced their early teaching in her classroom. Virginia was a kind and supportive teacher (with a great sense of humor) who guided the development of many other young teachers. She and I once presented our collaborative work at a Professional Development School conference where she was well received as a gifted teacher and mentor. My sincerest condolences to her family and friends.

“ Dear Denise and family,
Virginia was my children's math teacher at SEB and she was just a wonderful person! Just a pleasure to be around! I never knew her to have an enemy or hear a cross word from her or about her. All of the students really enjoyed her as a teacher - I know mine sure did! She made a hard subject for many students easy to understand and that was not only a talent but an accomplishment in itself! Her easy going nature was a plus and really helped to put students at ease and I'm sure many a student today can attribute their success to be grounded in her ability to make sense of a subject that otherwise would've been misunderstood and forgotten. Of all the days we talked I never knew that she was your sister! I am so sorry to hear of her passing! My sincerest sympathy to your family.

“ Virginia was a mentor to so many students. She help to create a firm foundation in the world of education and faith in our Lord and Savior. The work that Virginia did here on this earth planted many seeds of success in our students as they went on to become leaders, engineers, mothers and fathers, and educators. It has been a joy to hear her former students and colleagues share their memories. I especially enjoy watching Kristen and Beth grow up and in knowing how much Virginia loved you girls. We will be in prayer for strength and peace in God's promise for all of her family and friends.

“ Virginia was one of the first friends I made after moving to Statesboro, and I now treasure all of the good times we had. I most fondly remember Virginia's beautiful voice as she carried the soprano section of the youth choir. I also fondly recall our summer mission trips to both Pennsylvania and Tennessee. What wonderful experiences that allowed us to share our faith with others. Please know that you all are in my thoughts and prayers.

“ I had the honor of serving our youth, at Connection Church, alongside Ms. Virginia, which definitely was one of my biggest blessings. I am thankful to have been able to call her my friend and sister in Christ. My prayers are with her family.

“ Virginia was the first friend I had when my family moved to Statesboro in the early 70’s. How grateful I am that her parents encouraged her (or made her!) reach out to me at church when we were 13 years old, and we became fast friends. I loved her boldness and honesty, as much as the love she had for Jesus, and her family and friends. So, Mrs. Peterson, Kristen, Beth, Denise, Walter, and all of your families, please know how much I care. I am so grateful that Virginia was a part of my life, and that we got to “run part of the race” together! With Much Love, Nancy Fowler Ford (Villa Rica, GA)

“ Virgina was a dear friend and my sister in Christ. We have been in the same Connect group at church for many years. She lived the life of a strong Christian in every way. Her knowledge of the Bible was amazing. Virgina will be missed by me and many others but knowing she is with Jesus brings much comfort. We miss you my friend.
